

Jubilee Sports physiotherapy

Season 2010

Physiotherapists to the Sharks FC and Sutherland Shire Football Association

The staff of Jubilee Sports Physiotherapy would like to wish all football players, clubs and committee members in the Sutherland Shire a Happy New Year.

As the 2010 season draws near we would like to inform you of the physiotherapy service that is available to all clubs and registered players in the Sutherland Shire Football Association.

As the physiotherapists to the Sutherland Sharks Football Club, all registered As-

sociation players receive a discount on initial treatments, assessments and football screenings.

Also, a drop in service for strapping is available to players at our clinics at a fee of \$5.

Further to our involvement with the Sutherland Shire Football Association, we are offering clubs strapping education sessions at no charge on request. Contact clinic or email us to arrange.

• Discounted Treatments • \$5 Strapping •
Available to all registered Shire Association footballers

Specialists in Football Injuries and Rehabilitation

We have worked in football for over 11 years at every level, including coverage of Fulham Football Club in the English Premier League.

Our football clients stem from all levels of competition within the sport from local association

players to elite professionals, including Socceroos defender Mark Milligan.

We understand football injuries and can assist players in getting back onto the field as quickly as possible.

• Strapping Education Sessions for Clubs •
Contact clinic or email us to arrange session
